PASSION, PERFECTION, INNOVATION

ABOUT US

Our experience of the elevator industry is virtually unsurpassed. In the year of 2011, and today our business has expanded to cover all types of products and services to enable the movement of people and goods.

Throughout this growth, we have maintained our reputation for honesty, integrity and commitment to quality that customers have come to expect across all our products.

The business consists of four main range of products or services, so whatever your requirement contact us – we can help with you with your requirements.

PASSENGER & PLATFORM LIFTS

We supply and install passenger lifts from 6-33 persons, for all applications, travels and requirements. Our platform lifts range from one person to up to 5 people, with vertical and inclined models that can be installed internally and externally, to provide equal access for all in both commercial and domestic buildings.

SERVICE & GOODS ELEVATORS

When it comes to moving anything from hot plates to heavy goods pallets, we provide the solution - 50kg dumb waiters to heavy duty solutions for loads up to 3000kg complete range. We can also provide special solutions for broader applications. All our goods lifts help our customers meet the requirements of the Manual Handling Regulations.

MECHATRONICS ELEVATORS

On top of our national service, we supply and install new Elevators and Elevator equipment and carry out refurbishments and modernisations of all types of lift equipment from all manufacturers. We have specialist departments for the delivery of: major projects including the design, supply and installation of high-rise elevators;

service contracts, including Network Rail; installation, refurbishment and removals and, finally, all services relating to loading systems.

NATIONWIDE SERVICE - COVERING SERVICING, REFURBISHMENT AND MODERNISATION

Our nationwide network of service provide local maintenance and repair for thousands of elevators products, including 24/7 call-out, 365 days a year, right across the India. Highly-trained elevators engineers maintain most types of elevator products from all manufacturers. Our services include the removal and replacement of old elevator equipment or the refurbishment of existing equipment to improve performance and meet the latest lift regulations and standards.

A team of experts dedicated to the sale and installation of elevators refurbishments and major repairs where it is not possible or practical to replace an existing elevators.
